

**Minnesota Mycological Society James Swanson & Doris Johannes
Memorial Graduate Student Scholarship
-2024 APPLICATION-**

The Minnesota Mycological Society (MMS) is continuing our scholarship program for University of Minnesota and University of Wisconsin students (any campus location) currently enrolled in graduate level studies with a strong connection to mycology. **The amount of an individual scholarship is \$1250.00** (\$1000 paid upon award of scholarship and \$250 after completion of required presentation and newsletter article). Please fill out the attached scholarship application and provide all requested information including two references. The deadline for the application is **Friday March 1, 2024**. One or more scholarships will be awarded by April 2024.

Applicant's Full Name: _____

Project Name: _____

Professor/Department/University: _____

Contact Information (include email): _____

Extracurricular and/or Community Service Activities: _____

Describe your current project and address the following questions in one page (attach document with application):

1. What is your educational background and experience with mycology (collaborations, projects, publications), including any participation in the Minnesota Mycological Society?
2. What are the specific goals of your research and how do you plan to accomplish those goals?
3. What do you see as the relationship between amateur and professional mycology?
4. How would this scholarship benefit your studies, and what are your aspirations following graduation?

Winning recipients will give a presentation about their research and/or field of study to MMS members in a monthly meeting and write a brief article for the MMS newsletter.

Include the names, addresses, and email addresses of two references with your application. To submit your application and for any questions, please email:
